Our goal is for DPW to work flawlessly on every computer, Mac and Windows, and every browser and version. This goal is not easy to realize as the number of combinations number in the dozens.

Currently, most everything, especially the auctions work just about everywhere, however there is a known issue with not being able to submit to a challenge on Internet Explorer 7 and earlier.

DPW has been fully tested on the following browsers, which are recommended for their compliance and stability:

- **FireFox** on both Mac/Windows
- **Google's Chrome** on both Mac/Windows
- **Safari** on Mac/Windows
- **IE (Internet Explorer) 8 +** on Windows
