Selling through PayPal

The simplest and most direct way to sell your art in your DPW is through links to a PayPal checkout page. When purchases are made through PayPal links created in DPW, the work sold is automatically marked as sold and paid, the buyer's information is pulled in and you receive a notification email.

To do this, you need to create a PayPal link ("Buy URL") for each work or art you want to sell through PayPal.

How to Create PayPal Links

1. Sign in to your DPW account, if not already, and go to your [Art Tracking Grid](#) .
2. Select the **Create PayPal Link** in the **I want to...** menu in the Task column of the grid.

You can also find the I want to... menu in the popup that opens when you click on the thumbnail of one of your artworks.

Page 51 of 51

Task	Front Page	Image	Hide?	Title	Price	Buyer
I want to...	09/25/2007		<input type="checkbox"/>	Babysitter	\$50	
<input type="button" value="Update this Artwork"/>	<input type="button" value="Create Auction"/>	<input type="button" value="View Artwork Activity Hi"/>				
<input type="button" value="Clone this Artwork"/>	<input type="button" value="Create PayPal Link"/>	<input type="button" value="Get Links to Artwork"/>				
<input type="button" value="Delete this Artwork"/>	<input type="button" value="Post to Social Media"/>					
I wan...	09/22/2007		<input type="checkbox"/>	Stack of Cups ---	\$50	

3. Fill in the information in the dialog box that pops up (it will be remembered for next time):

PayPal Link Wizard

Important: After you have created the PayPal link, you will be presented with a URL that is the same as the URL in the **Buy URL** column in your **Art Tracking** grid. You can copy and paste this URL into your blog post, website, and/or emails, if you wish. Using this URL will take your buyer to a page for your painting in DPW where the buyer's region is taken into account to calculate shipping, as is described below.

4. Click the **Create PayPal Link** button and you are done!

Here's what the PayPal link looks like in the painting pop-up:

And, here's what the buyer sees when they click it, if they are not logged in (they go directly to PayPal if they are):
